SPECIFIC COMMENTS MADE BY MEMBERS DURING THE SURVEY INCLUDE:

If I can't find information online, they're on the phone. There are no phone prompts. There is someone at end of the line who can answer my queries and knows what I need.

If I wanted to talk to somebody now because I was a bit unsure about something, I'd ring up and either talk to someone directly or I would get a phone call back today. I would definitely have it resolved; it's always really consistent

They have a heap of different ways to deal with them, the website is easy; they get back to you very quickly.

The website is easy to use and the people seem quite specialised.

The people that you deal with when you have a query, are knowledgeable and responsive but in a friendly manner. They are easy to deal with.

Used them a lot in the last few years always get the answers I've needed and they ensured I understood every aspect of it. They're for our benefit not their own.

I don't think they're a huge fund anyway so you feel like getting more personalised.. You feel less like a number. And they're very specific for our industry.

The service I get is fantastic.

I am a very proactive Super member and I ask a lot of questions and they answer satisfactorily.

Have had super with them a long time. They have consistently high returns and good communications. I've asked questions of them and have always received prompt replies.
